

Algebra 2
Chapter THIRTEEN Outcomes and Homework

OUTCOMES:

At the end of Chapter Thirteen, each student should be able to do the following:

- Use counting principles including permutations and combinations
- Calculate probability for various types of situations, including binomial probability
- Calculate expected value of an event

HOMEWORK:

- 13-1 # 1, 5, 9, 13, 21, **25**, 29, 33, 37
- 13-2 # 19, 23, 27, 33, 37
- 13-2 # 41, 45, 59, 63, 69, **76, 77**
- 13-3 # 3, 7, 11, 21, 24, 29, 37, 43, 57, **63**
